

Commodity codes

January 2021

Smartbox products entering the EU now require commodity codes to ensure the correct declaration of goods. Please note, all shipments are tariff free.

Smartbox commodity codes:

84713000	All devices
42029219	Tough covers
42029211	Carry cases
84733020	All electronic accessories of 84713000
84733080	All other accessories of 84713000

Country of Origin

The country of origin for all Smartbox products is the United Kingdom, which will be listed on the commercial invoice. We will also list our Economic Operators Registration and Identification number (EORI) number: 8714309250000.

If required, in the very rare circumstances customs officials and/or freight forwarders may request a Country of Origin certificate or EUR1, we can provide this for a small fee of £23.
